Mr. Robert Lloyd
19 Court Street
Dedham, Massachusetts 02026

Dear Bob:

We, the undersigned honorary trustees of the Children's Museum, believe that we should comment on the operations of the Museum when fiscal policies seem to us to threaten its future welfare, if not solvency. We therefore respectfully suggest immediate retrenchments in current and planned expenditures until such time as efforts to raise funds result in putting the Museum on a sound financial basis.

We hope that you will be willing to see to it that this letter is brought to the attention of the Trustees.

Sincerely,
