Jasmine Moran Children's Museum
Seminole Oklahoma, 1998

Oviedo Marketplace Mall
Orlando Florida, 1998

Holyoke Children's Museum, 1996

Challenge- *Climbing Art*

Build a sculpture for children to climb which will evoke as much freedom and energy as the children themselves.

Precondition One

to be **safe**, climbing sculptures have to be like buildings, they have to have floors and walls. The floors support, the walls contain.

Precondition Two

Because these are essentially children's playthings, the walls and floors have to be **crazy**.

Safe and Crazy

Michael Spock -

Hi Mike -

Here are my two latest
climbers - The big one in
Holkmead, Mass, The other one
(not open yet) in Winston
Salem -

So everything goes on -
I hope you're fine -

Tom
