

After-hours at  
the Children's Museum

Thousands of children and adults flock to the Boston Children's Museum each week to use our delightful "do-touch" exhibits. Now, for the first time, the Museum's Exhibit Center is available for private functions.

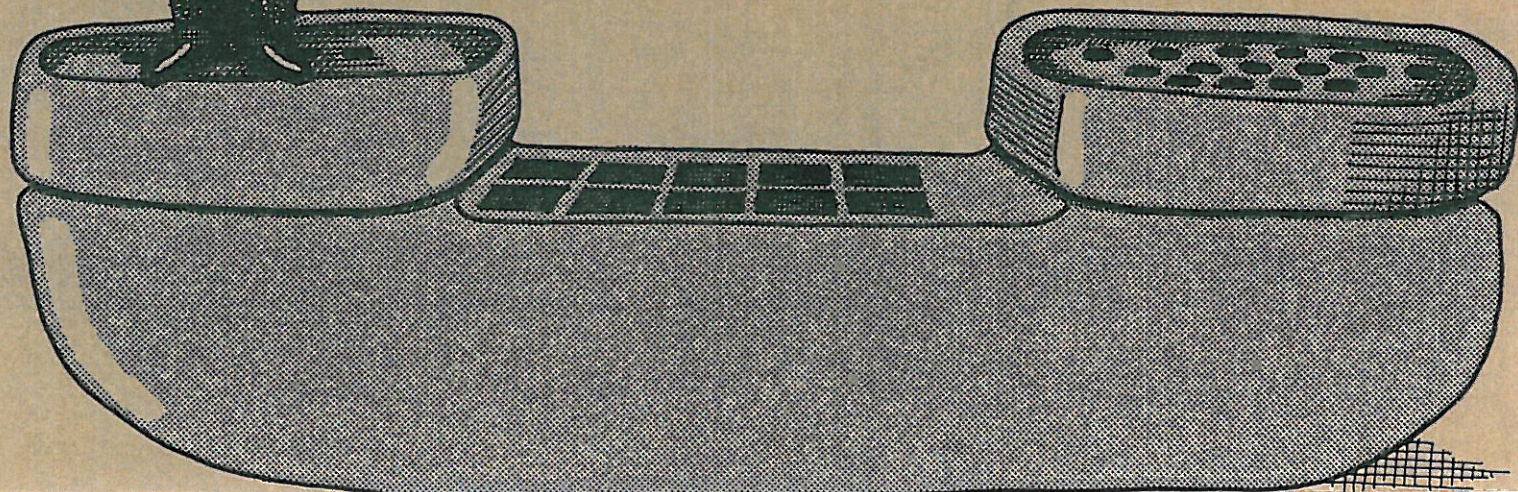

From our public closing time until midnight, you can entertain your guests in a colorful and lively atmosphere that's guaranteed to add excitement to your event. Where else in Boston, after all, can you sip cocktails on a giant telephone, dance the tango in a spinning top factory, get married in a formal Victorian living room, or beat your boss at bocce?

Whether it's a class reunion, employee party, wedding, or formal reception, we'll be glad to help you plan a memorable evening.

Our new home, a late nineteenth century warehouse on Boston's waterfront, is ideal for up to 900 people, and we're easy to reach by car from the Expressway and the Massachusetts Turnpike.

For more information and a tour of our facilities, call or write the Functions Coordinator, Children's Museum, Museum Wharf, 300 Congress Street, Boston, MA 02210 (617) 426-6500.
